

Monday 23rd March 2020

Dear Parents/Carers,

Thank you to everyone at this uncertain time for your support. I am writing to update you on the situation and guidance which is changing daily.

Since I wrote to many of you on Thursday offering your child a place at school the guidance has changed dramatically. We are now being told that you should only send your child to school if;

- you are a Key Worker and that you have no alternative child care
- your child has an EHCP and you have no alternative child care

If you received a letter from me but your child does not fit into one of the categories above please disregard my previous letter.

If you have not sent your child to school today but intend to send them later on in the week because you fit into one of the above categories please contact the school on admin@olovrc.com to let us know what critical key worker role you do, the names of your children and the days you intend to send them in over the next two weeks.

Working at home

Home learning packs are in school for you to collect for your child if you have not already done so. These are in addition to what has been published on the school website. These will need to be collected by 4.00pm Wednesday 25th March as we will then be shutting our office reception. Any further contact is to be made by email to admin@olovrc.com or by phone on 02085755344.

Yours sincerely,

Ms K. Coll
