

Monday 20th April 2020

Dear Parent/Carer,

As a school we would like to be able to communicate with you more efficiently and effectively and we have identified Classdojo as a remote learning platform that will enable us to do this. This learning platform is widely used by other local schools. It will enable class teachers to send messages to your child and for your child to upload completed learning for their class teacher to see.

With their student account, your child will also be able to share photos, videos, and journal entries on their own digital portfolio. This portfolio can only be seen by your child, you, and the class teacher. Your child will also be able to view their feedback from class and customise their ClassDojo monster. If your child is under 13, we need your consent to create your child's student account on their behalf and for us to be able to use your email address so that you have access to the site at home.

Please check the Privacy Policy: classdojo.com/privacy

To learn more: classdojo.com/learnmore

Please complete the form below and return to admin@olovrc.com by Wednesday 22nd April at 12.00pm. It is our aim to have this system up and running by Monday 27th April. Unfortunately if we do not have your consent by Wednesday 22nd at 12.00pm we will not be able to set up an account for your child. However, you will still be able to access the learning via our website.

Yours sincerely,

Miss K. Coll

I give permission for you to create a student account for my child and allow my child to use ClassDojo for remote learning and in the classroom.
