

What Do You Care
For?

Take a walk around the school or your local area. Stop every once in a while.

Be still. What do you notice?

Now that you are back in your seat at home or school, close your eyes and think about what you observed. Think about all the lovely places and living things you know.

Share with your family and friends.

What do you care for?

Use one of the templates below to draw and/or write what you care for. Your choice of how.
