

Year 5 Art and Design

Create a piece of art that uses techniques learned from Ancient Egyptian Art

Ancient Egyptian Art and Design

Sketch scenes and or details from Egyptian life found in Egyptian paintings. Use a selection of photo's that include; nature and animals and figures.

Choose to draw a detail or a whole scene. Try to copy the figures in the same style. Observe the colours that are used and the way in which they rely on outlines and the lack of true perspective.
