

Joining a Google Meet on your smart phone

The following steps apply to both Android and Apple devices.

1. Download the Google Meet app from your play store / app store.	
2. Open your app – the first time you do this you will be asked to sign in. Please use the login information sent to you from school otherwise you will not be able to access your meeting.	
3. Tap on “Join a meeting”.	
4. Enter the meeting nickname your class teacher has provided and tap join.	
5. You will see a preview of yourself waiting to join the meeting. Tap “Join”.	
<p>Please note: you will not be able to enter the meeting until your teacher has entered, if this happens, please try again at the time your Google Meet has been scheduled. This is a safety feature that our school has implemented.</p>	

Your meeting is safe

No one outside of your organisation can join a meeting unless invited or admitted by the host
