

Tuesday 2nd March 2021

Dear Parents/Carers,

In the academic year 2020/21, Relationships Education and Health Education will become statutory in all primary schools in England. This new subject will build on the non-statutory lessons we have previously taught in RSE.

As a Catholic school, our mission is to support the spiritual, moral, social and cultural development of all of our pupils, rooted in the wisdom and teaching of the Church. The education of children in human sexuality is an important, precious and privileged responsibility. The Church teaches us that this is very much a partnership with parents, in which parents are the 'first educators' of their children on these matters; ultimately, you confer on us the right to co-educate your children with you.

We have been researching various programmes that are available and have decided to adopt **Life to the Full** by Ten Ten Resources. Ten Ten is an award-winning Catholic educational organisation that is well-respected and very experienced in this field of work.

Life to the Full has been approved by our Diocese. Furthermore, Ten Ten have entered into a partnership with the Catholic Education Service and the Department for Education to provide training for teachers in Catholic schools on the subject of the new statutory curriculum. Therefore, we are confident that this programme is a very good fit for our school.

Through their programme, Ten Ten understand the foundational role that parents have in educating and nurturing their children on these matters. Within the programme, they have built in resources which will not only keep you informed about what is being taught in school, but will also give you the opportunity to engage your children in discussion, activity and prayer.

We would like to have your feedback on our approach, and particularly on the key decisions that we need to take regarding the teaching of certain topics. To this end, we have opened a consultation period during which we welcome your feedback.

There are three key decisions identified in the TenTen programme which you can comment on via the questionnaire.

1. Do we teach children the correct names for genitalia from KS1? It was agreed as part of our consultation 3 years ago when we introduced the Ealing PSHE scheme that we would use the correct terminology. It is our intention to continue to teach this.
2. When do we introduce the lessons on puberty? We have looked at the material carefully and as a staff feel that this should be introduced in year 5 but welcome parental responses to this.
3. Do we include the session in Upper Key Stage Two which answers the question: 'Where do babies come from?' We believe that this is very sensitively dealt with but welcome parental responses.

Ten Ten have provided an online **Parent Consultation Tool**. This is a simple-to-follow, short online course which:

- Outlines the statutory changes that will take place.
- Articulates a vision for Catholic Relationships and Health Education.
- Explains how Life to the Full aims to help us fulfil the statutory curriculum with a Catholic ethos.
- Provides some information about key decisions we need to make, in consultation with parents.
- Answers some Frequently Asked Questions.

Ten Ten have also provided an **Online Parent Portal** which will be a tool we can use throughout the year to keep you informed and updated about the work we are doing in school.

To take part in the consultation, please do the following:

- Access the Parent Consultation Tool here:

www.tentenresources.co.uk/parent-consultation-primary

- You will need the following login credentials for our school:
Username: ol-visitation-ub6
Password: stable-door
- Undertake the Parent Consultation course provided.
- Click on the link below to complete the parent questionnaire so that you can consult with us regarding some key aspects of the programme.

<https://www.surveymonkey.co.uk/r/R2LCGDT>

You do not need to provide an answer to question 10.

- Please complete the questionnaire by Tuesday 23rd March. **It is essential that you look at the material on the parent portal before completing the questionnaire.**

The approach we are going to take is in line with much of what we have been teaching for the past three years. We hope this approach will assure you about how we are going to teach the additional subject matter in a sensitive way with human dignity at the heart of everything we do. We hope that this will be an important and exciting opportunity for our entire school community.

Yours sincerely,

Miss K. Coll / Headteacher
