### Internet Safety Workshop

Dear Parents and Carers,

We would like to invite you to our Internet Safety workshop taking place in January 2022. The workshop is designed to equip parents and carers with the knowledge to understand the potential risks associated with keeping children safe online. Faye Jones from the Ealing Health Improvement team will be delivering the session which will cover the following areas:

- Harmful content online
- Privacy and security
- Gaming
- Popular apps
- Social media
- How to make internet use safer within the home.

Along with these topics, attendees will have the opportunity to ask general online safety questions. With the increase in children's use of devices and the internet, they are exposed to more and more harmful material. They are also at risk from predators and online sexual harassment. The workshop aims to help you safeguard your children in an increasingly digital world.

This workshop will take place on:

1. **Friday 14<sup>th</sup> January at 9.15am**

This workshop will be **repeated** at the later time:

2. **Friday 14<sup>th</sup> January at 5.30pm**

If you would like to attend either of these workshops, please complete the reply slip below and return to the **school office**.

Many thanks

Miss Wright and Miss Parillon
