Dear Parents/Carers

## Year book 2021/2022

We need to make a start on the year book before Easter – this project is run by parents so we will be looking for a small computer literate team from each class to take on this role. We have pictures taken in school but rely on those taken by parents to complete the book. You will not need to come into school to do this as it can be completed remotely at home. We will need one parent volunteer to take USB so that you can work at your own leisure at home. Please speak to your child's class teacher if you are able help out via classdojo.

Please start looking for any pictures you have taken from nursery to year 6 at any school event, concert or educational visit you may have helped on. In previous years, we have taken photographs in any format but the time taken to individually scan paper photographs makes the job almost impossible. Therefore, we will **only be accepting photographs on a memory stick**. If you have a scanner at home, you are more than welcome to scan paper photographs yourself.

To make this difficult job much easier, photographs should be organised in folders for each academic year and it would be helpful for them to be subdivided into events within these folders e.g **Year 2** / Christmas play/Summer trip/Sports day etc.

**Year 3** / Holy Communion/Crazy hair day/Carol concert etc

When the children return to school, please send any disc or memory stick clearly labelled with your child's name and class so they can be returned once the pictures have been uploaded to our system.

Many Thanks

Mr Cooke and Miss Parillon  
Year 6 teachers
