

“Active Me” Cricketers in competition

“Active Me Club” have been playing a lot of cricket so were delighted to get an invite to an Indoor Cricket Competition.

We played 4 matches, all of which were close and we won our 3rd match.

Our Captain was Heniston, here is his report.

When I went to the Cricket Competition I was nervous, happy and ready all at the same time. I was the Captain so I instructed my team on where to field and when to bowl. I learned tons of tricks and tips- like the wicket keeper must stay behind the crease at all times, and to run whenever you hit the ball. There were lots of new experiences as well playing against other schools. Our team really started to build up so I encouraged them to carry on like this. It was amazing and fun and we had a fabulous time. I will continue to practice at playtime so that I will do better in the next event. Well done to Tia who was named Player of the Match for being brave under pressure, and to all the team.

We are Team Visitation
